Unique design draws rodents deep into Kill Zone.

Push **Trigger Plate** backward to fully release **Latch**. Pull **Trigger Bar** back, engaging with **Latch**. Carefully slide the activated trap back into Housing until **Tabs** are engaged.

Placement:

Place trap along walls, known pathways or den entrance. Use peanut butter, small nuts or other bait on **Trigger Plate**.

Note: For trap-shy rodents, bait the traps initially without setting. Once there is observed activity, re-bait and set the trap.
